### I . Course Overview

#### 1. Course Description

College English is designed to develop your English language proficiency in an academic setting. It places a primary emphasis on reading and writing, and a secondary emphasis on speaking and listening. This course includes the study of (1) reading skills and strategies required to understand challenging texts; (2) advanced paragraph writing and basic essay convention; and (3) speaking skills to further extend oral competence. You are expected to actively engage with the instructor and other students to practice the skills necessary for success in subsequent English courses.

#### 2. Course Format

**\*\*\* Due to Covid-19, this course will be conducted online. \*\*\***

To accommodate students, the class will be taught with a mixture of asynchronous classes (recorded videos are uploaded and students can watch them at their convenience - not in real-time) and synchronous classes (real-time classes with Zoom).

Both formats have advantages. For example, some students prefer the asynchronous model because the schedule is more flexible, and they can re-watch lecture videos if they do not understand something. Students who favor a synchronous format, on the other hand, feel that the experience is more interactive and collaborative in nature.

On asynchronous days, reading and writing lectures will be uploaded and the class will not meet in real-time. Students can watch the videos as often as they wish. On synchronous days, the class will meet in real-time on Zoom for group work, discussion activities, and question-and-answer sessions with the instructor. An important part of class will be students' discussion in groups, which will be reflected in participation grading.

The instructor will keep regular office hours on campus for students who would like face-to-face assistance with the readings or writing assignments. For those who would rather not come to campus and receive assistance online, the instructor will be available seven days a week.

Lecture	Discussion/Presentation	Writing	Other

### 4. Evaluation System

Midterm Exam	Final Exam	Writing	Oral Exam	Participation	Attendance

## II. Course Materials and Additional Readings

### 1. Required Materials

Eight readings from a variety of sources (e.g., The New Yorker, The Atlantic Monthly, etc.) will be chosen from a pre-approved pool. On the first day of class, students will be asked to list their topic preferences. The instructor will try to choose readings from the pool that match the students' interests. Links to the readings will be posted on the Ewha Cyber Campus for students to download.

### 2. Supplementary Materials

Supplementary materials will be provided by the instructor and available for download on the Ewha Cyber Campus.
