### I. Course Overview

#### 1. Course Description

Advanced English has been designed to develop your English language proficiency in an academic setting. Similar to College English, this course will provide instruction in all four skills: reading, writing, speaking and listening, with a particular emphasis on reading and writing:

**Listening:** Students will listen to English spoken by their instructors and peers. They will practice focusing on the speaker's message in order to comprehend and produce a meaningful response.

**Speaking:** Students will practice speaking in English through class and small group discussions with their peers. Students may also be asked to complete assignments and projects that will require them to use English outside the classroom and present information to the entire class.

**Reading:** Students will read a variety of texts. Through these readings, students will develop more advanced reading comprehension and critical thinking skills with guidance from the instructor and through discussions with their peers.

**Writing:** Students will be given a number of opportunities to write in and outside the classroom. Through these writing tasks, students will continue to practice skills developed in College English and acquire more advanced writing skills necessary for success in courses taught in English.

### III. Course Policies

- a) **Be there. You will lose one point per absence. If you miss more than nine classes, you automatically fail the course.** Three times late to class equals one absence, and more than 30 minutes late is considered an absence. GLEO has very strict guidelines about missing class—excuses such as doctor's prescriptions and seminars attended will **not** be accepted. An absence will only be excused if it involves an overnight hospital stay, an official university activity, or the death of an immediate family member. Documentation is required in all such cases.
- b) **Be prepared.** Finish all homework before class and be ready to discuss it within a group or in the general class.
- c) **Participate.** You will receive a full score in this category if you:
- *Complete* all homework assignments on time.
  - *Speak English* in class to the best of your ability.
  - *Share your ideas* in class and in group discussions.
  - *Show interest* in the class and have a positive attitude.
  - *Are respectful* of the instructor and other students.
  - *Stay on-task* in class.
- Keep cell phone sound and vibration mode *turned off* and *phone put away* unless required by the instructor for class work.
